

Cat #	BK036-L
Name	RhoA Activation Assay Biochem Kit
Amount	80 Assays
Lot #	177

Test	Specification	Lot results
Activity	Lysates from 3T3 cells treated with the catalytic domain of the bacterial cytotoxic necrotizing factor toxin CN03 show >5 fold increase in activated RhoA over untreated lysates.	10x
QC release date	9/17/26	
Approved by	K. Middleton
